## EXPERIENCE

---

- 2017 – present **[Constraints and Complexities of Information and Analysis in Humanitarian Emergencies](#), Feinstein International Center, Tufts University**  
*Co-Investigator/Researcher (Greater Boston Area, MA, USA)*  
Donors: UK Department for International Development, USAID/OFDA, Office of Swiss Development Cooperation, The European Civil Protection and Humanitarian Aid Operation (ECHO), Action Against Hunger, and MQSUN+
- Lead the development and refinement of study's qualitative instruments, data collection, and analysis to assess challenges and barriers to meeting country-level data requirements for famine declarations in South Sudan, Yemen, Nigeria, and Somalia
  - Identify potential key informants, coordinate respondent recruitment and manage study activities
  - Provide country-level and global technical assistance and policy recommendations to improve Integrated Food Security Phase Classification and affiliated tools
  - Support donor-related reporting requirements and preparation of institutional ethics review materials
- 2015 – 2017 **[Promoting Agriculture, Health, and Alternative Livelihoods \(PAHAL\)](#), Feinstein International Center, Tufts University**  
*Co-Investigator/Researcher (Far West Nepal; Greater Boston Area, MA, USA)*  
Donor: Mercy Corps – Nepal/USAID
- Independently designed qualitative instruments for iterative in-depth interviews and focus groups with over 150 respondents, stratified by gender and caste, to examine the effects of migration on household food security and women's empowerment
  - Supported the development and refinement of the study's quantitative instruments, data collection, analysis and outputs to examine household resilience to environmental, economic, and health shocks

- Coordinated study activities and provided qualitative research methods training to study enumerators
- Led qualitative data analysis for peer-reviewed manuscripts and presentations for international conferences
- Provided technical assistance to international non-government organizations on evidence-based and gender-equitable food security resilience programming in rural Nepal
- Managed donor-related reporting requirements and preparation of institutional ethics review materials

2014 – 2016

**Measuring Resilience in Somalia, Feinstein International Center, Tufts University**

*Co-Investigator/Researcher (Greater Boston Area, MA, USA)*

Donor: Somalia Resilience Program (SomReP)

- Developed gender-sensitive quantitative and qualitative instruments to measure household resilience and assess programmatic impact across Somaliland, Puntland, and South-Central Somalia with Cornell University partners
- Provided technical assistance to the research arm of *SomReP*, a multi-organization initiative that seeks to build household and community resilience to drought and related risks in Somalia

2013 – 2016

**Lessons Learned from the Somalia Famine/Horn of Africa Crisis, Feinstein International Center, Tufts University**

*Researcher (Greater Boston Area, MA, USA)*

Donors: Bill & Melinda Gates Foundation, USAID/DFID

- Led a comprehensive desk review of literature of 180 documents (reports, evaluations, assessments, peer-reviewed journal articles, and books) to retrospectively analyze the 2011-12 famine in Somalia and crisis in Greater Horn of Africa
- Assessed the role of social connections, community- and household-led responses to the 2011-12 food security crisis in Somalia, using 260 narrative interviews with respondents directly affected by the crisis
- Organized meetings to present study results to a variety of stakeholders, including UN agencies, NGOs, and academic institutions to, facilitate their uptake in programming and policies

2012 – 2013

**Department of Health, Behavior and Society, Johns Hopkins Bloomberg School of Public Health**

*Sr. Research Assistant (Baltimore, MD, USA)*

Donor: AIDS United

- Managed the case study component of a national monitoring and evaluation efforts of *Positive Charge*, a multi-site initiative which engaged over 5,000 people living with HIV/AIDS in care and treatment in the US
- Directed cost and cost-threshold analyses of *Positive Charge* sites to examine the initiative's use of public health resources
- Liaised with initiative stakeholders, including site-level staff, donors, and expert consultants to design and implement monitoring and evaluation activities and disseminate actionable research findings
- Planned and oversaw the *Global Engagement in Care Convening*, a forum for domestic and international experts to identify best practices and policies in HIV care
- Led and supported numerous research uptake efforts; successfully disseminated results in wide variety of formats (e.g. book, book chapters, and peer-reviewed academic journals)

- 2012 **Centre for Research on the Epidemiology of Disasters (CRED), WHO Collaborating Centre**  
*Visiting Research Fellow (Brussels, Belgium)*
- Analyzed 2010-11 Horn of Africa food security crisis and put forth policy recommendations to institutionalize timely humanitarian response
- 2011 – 2012 **Center for Communication Programs, Johns Hopkins Bloomberg School of Public Health**  
*In-Country Research Coordinator (Gaborone, Botswana)*  
 Donor: USAID
- Oversaw the evaluation of a national communication campaign to assess effects of gender and cultural norms in HIV prevention messaging
  - Designed and conducted qualitative research methods and data analysis training for ten local research team members
  - Provided technical assistance and oversaw qualitative data collection for two USAID-funded HIV prevention studies to ensure fidelity to research plans
  - Liaised with stakeholders in academia (Johns Hopkins School of Public Health), governmental (USAID, CDC-BOTUSA and Botswana Ministry of Health) and non-governmental groups to ensure study support and uptake of research findings
  - Supported qualitative data analysis and preparation of reports and presentations
- 2010 – 2011 **Child Health Epidemiology Reference Group, World Health Organization**  
*Graduate Assistant (Baltimore, MD, USA)*
- Conducted systematic literature review of the relationship between folate deficiency and maternal-child health outcomes
- 2010 – 2011 **International Rescue Committee (IRC)**  
*Consultant (Baltimore, MD, USA)*
- Designed and conducted a qualitative programmatic evaluation of IRC's health orientation workshop for newly settled refugees and asylees in the Greater Baltimore area
- 2009 – 2010 **Sandra Rotman Centre, University of Toronto**  
*Research Officer (Toronto, ON, Canada)*  
 Donor: Bill & Melinda Gates Foundation (BMGF)
- Provided research support to the Centre's Advisory Service which assessed the ethical, social and cultural implications of projects within BMGF's Grand Challenges in Global Health Initiative
  - Managed donor-related reporting requirements, including Advisory Service's Annual Report and milestone reports
